

above ground and affixed to a permanent site, as well as a manufactured home on a permanent foundation.

(c) *Community* means any State or political subdivision thereof, or any Indian tribe or authorized tribal organization, or Alaskan Native Village or authorized native organization which has authority to adopt and enforce floodplain management regulations for the areas within its jurisdiction.

(d) *National Flood Insurance Program* (NFIP) means the program authorized by the National Flood Insurance Act of 1968, as amended, 42 U.S.C. 4001 *et seq.*

(e) *Special flood hazard area* means an area having special flood, mudslide, and/or flood-related erosion hazards, and shown on a Flood Hazard Boundary map (FHBM) or the Flood Insurance Rate Map (FIRM) issued by FEMA as Zone A, AO, A1-30, AE, A99, AH, VO, V1-30 VE, V, M, or E. "Special flood hazard area" is synonymous with "special hazard area", as defined in 44 CFR part 59.

(f) *Standard Flood Insurance Policy* means the flood insurance policy issued by the Federal Insurance Administrator, or by a Write-Your-Own Company pursuant to 44 CFR 62.23.

§ 206.252 Insurance requirements for facilities damaged by flood.

(a) Where an insurable building damaged by flooding is located in a special flood hazard area identified for more than one year by the Administrator, assistance pursuant to section 406 of the Stafford Act shall be reduced. The amount of the reduction shall be the maximum amount of the insurance proceeds which would have been received had the building and its contents been fully covered by a standard flood insurance policy.

(b) The reduction stated above shall not apply to a PNP facility which could not be insured because it was located in a community not participating in the NFIP. However, the provisions of the Flood Disaster Protection Act of 1973 prohibit approval of assistance for the PNP unless the community agrees to participate in the NFIP within six months after the major disaster declaration date, and the required flood insurance is purchased.

(c) Prior to approval of a Federal grant for the restoration of a facility and its contents which were damaged by a flood, the Grantee shall notify the Regional Administrator of any entitlement to an insurance settlement or recovery. The Regional Administrator shall reduce the eligible costs by the amount of insurance proceeds which the grantee receives.

(d) The grantee or subgrantee is required to obtain and maintain flood insurance in the amount of eligible disaster assistance, as a condition of receiving Federal assistance that may be available. This requirement also applies to insurable flood damaged facilities located outside a special flood hazard area when it is reasonably available, adequate, and necessary. However, the Regional Administrator shall not require greater types and amounts of insurance than are certified as reasonable by the State Insurance Commissioner. The requirement to purchase flood insurance is waived when eligible costs for an insurable facility do not exceed \$5,000.

§ 206.253 Insurance requirements for facilities damaged by disasters other than flood.

(a) Prior to approval of a Federal grant for the restoration of a facility and its contents which were damaged by a disaster other than flood, the Grantee shall notify the Regional Administrator of any entitlement to insurance settlement or recovery for such facility and its contents. The Regional Administrator shall reduce the eligible costs by the actual amount of insurance proceeds relating to the eligible costs.

(b)(1) Assistance under section 406 of the Stafford Act will be approved only on the condition that the grantee obtain and maintain such types and amounts of insurance as are reasonable and necessary to protect against future loss to such property from the types of hazard which caused the major disaster. The extent of insurance to be required will be based on the eligible damage that was incurred to the damaged facility as a result of the major disaster. The Regional Administrator shall not require greater types and extent of insurance than are certified as

reasonable by the State Insurance Commissioner.

(2) Due to the high cost of insurance, some applicants may request to insure the damaged facilities under a blanket insurance policy covering all their facilities, an insurance pool arrangement, or some combination of these options. Such an arrangement may be accepted for other than flood damages. However, if the same facility is damaged in a similar future disaster, eligible costs will be reduced by the amount of eligible damage sustained on the previous disaster.

(c) The Regional Administrator shall notify the Grantee of the type and amount of insurance required. The grantee may request that the State Insurance Commissioner review the type and extent of insurance required to protect against future loss to a disaster-damaged facility, the Regional Administrator shall not require greater types and extent of insurance than are certified as reasonable by the State Insurance Commissioner.

(d) The requirements of section 311 of the Stafford Act are waived when eligible costs for an insurable facility do not exceed \$5,000. The Regional Administrator may establish a higher waiver amount based on hazard mitigation initiatives which reduce the risk of future damages by a disaster similar to the one which resulted in the major disaster declaration which is the basis for the application for disaster assistance.

(e) The Grantee shall provide assurances that the required insurance coverage will be maintained for the anticipated life of the restorative work or the insured facility, whichever is the lesser.

(f) No assistance shall be provided under section 406 of the Stafford Act for any facility for which assistance was provided as a result of a previous major disaster unless all insurance required by FEMA as a condition of the previous assistance has been obtained and maintained.

§§ 206.254–206.339 [Reserved]

Subpart J—Coastal Barrier Resources Act

SOURCE: 55 FR 2311, Jan. 23, 1990, unless otherwise noted.

§ 206.340 Purpose of subpart.

This subpart implements the Coastal Barrier Resources Act (CBRA) (Pub. L. 97–348) as that statute applies to disaster relief granted to individuals and State and local governments under the Stafford Act. CBRA prohibits new expenditures and new financial assistance within the Coastal Barrier Resources System (CBRS) for all but a few types of activities identified in CBRA. This subpart specifies what actions may and may not be carried out within the CBRS. It establishes procedures for compliance with CBRA in the administration of disaster assistance by FEMA.

§ 206.341 Policy.

It shall be the policy of FEMA to achieve the goals of CBRA in carrying out disaster relief on units of the Coastal Barrier Resources System. It is FEMA's intent that such actions be consistent with the purpose of CBRA to minimize the loss of human life, the wasteful expenditure of Federal revenues, and the damage to fish, wildlife and other natural resources associated with coastal barriers along the Atlantic and Gulf coasts and to consider the means and measures by which the long-term conservation of these fish, wildlife, and other natural resources may be achieved under the Stafford Act.

§ 206.342 Definitions.

Except as otherwise provided in this subpart, the definitions set forth in part 206 of subchapter D are applicable to this subject.

(a) *Consultation* means that process by which FEMA informs the Secretary of the Interior through his/her designated agent of FEMA proposed disaster assistance actions on a designated unit of the Coastal Barrier Resources System and by which the Secretary makes comments to FEMA
